

WHAT IS IT?

Eyes Overnight is a specific and focused nursing care service created to help you and your pet and to support referring veterinarians.

This service is offered **Monday to Thursday nights.**

COSTS?

\$200 overnight

Please note that this is does not include:

- Additional medications or diagnostics tests
- Interventions that may be required if your pet deteriorates

WHAT HAPPENS?

- Come down to Animal Emergency Service with your pet. Directions are on the back.
- Please bring all the medications and IV fluids that were dispensed by your referring vet.
- When you arrive an AES nurse will greet you and your pet on arrival.
- They will perform an assessment of your pet to confirm the suitability for Eyes Overnight care.
- If there are concern regarding your pets status overnight or if any interventions are required a veterinarian will contact you.
- Please come down the following morning to either transport your pet back to your referring vet or to take your pet home!
